

ANDREW J. LASKY

(917) 628-4299 • alasky19@gmail.com

Objective: To obtain a full-time position in the audio engineering or music production field that can build on my skills and experience. A reliable team player with good customer service skills.

Relevant Experience with Live Sound Engineering

Freelance Engineer, New York, NY **January 2018–Present**

- Ongoing live sound work for Singlecut Beersmiths and other venues
- Set up and test audio equipment on show nights before load in, set up monitor mix and run FOH during shows

Live Sound Intern for City Winery, New York, NY **February 2018–June 2018**

- Assisted in setting up the stage per the artist/bands stage-plot; checked and adjusted stage lighting
- Assisted in running FOH

Broadcast Audio Engineer for DeSales Media, Brooklyn, NY **March 2013–April 2016**

- Broadcasted weekly TV program and live Mass and special events from cathedrals in Brooklyn
- Set up and tested sound equipment and operated audio boards throughout broadcasts

Relevant Experience with Music Production and Performance

Music Production

- Performed, recorded and mixed an EP of my original music using ProTools 12
- EP is complete and awaiting marketing strategy and release

Composition and Performance

- Singer-songwriter performing with guitar in NYC venues
- Drummer for one NYC-based band

Other Current and Previous Employment
